

NSC TRANSPORTATION COMPLIANCE PACKAGE

Tailored NSC Transportation Safety Manual and accompanying Documents, Forms, Templates, and additional services --- \$960

NSC TRANSPORTATION SAFETY MANUAL

| | |
|-----------------------------|--|
| Company Information | Company Profile, Organizational Chart & Logo are included in the Manual. |
| Customization | Transportation Safety Manual is tailored to your Company, Operations, and the NSC Standards. |
| Form Description & Schedule | Provided within each Manual is a description of both Standard & Specialized Forms, along with a schedule for completion. |
| Company Dashboard | You will have 24/7 access to view, download and print Company documents. We provide Legislation, Industry & COR/SECOR updates as they occur, that may impact your health and safety manual. You can also request new documents through the dashboard. |
| Additional Customization | <p>If you require any additional Work practices or Policies not listed in the Questionnaire or Company-Specific Processes – the Manual can be updated to your Company specifications.</p> <p>Proceed with the online 20-Step Questionnaire manual creation and then contact us for additional development.</p> |

STANDARD WORK & CODES OF PRACTICE

| | |
|----------|---|
| Included | Choose from over 60 standard work practices and policies applicable to your operations. |
|----------|---|

EQUIPMENT INVENTORY & PM

| | |
|-------------|---|
| Included | <p>Included with your standard Forms and Templates, you will receive a tracking inventory for Company Equipment , Repair & Maintenance form, and Maintenance Log.</p> <p>If you require assistance with adding equipment, tools, vehicles, etc. to the inventory, please contact us and one of our Health and Safety Team members will schedule a meeting to review your requirements.</p> |
| Inspections | Included with your standard Forms and Templates, you will receive a Formal Inspection Schedule to populate all required inspections, pre-trip vehicle inspection, and schedule 1 commercial vehicle inspection. |
